DAILY TOUR PROGRAM:

1-) Salih Island: There is a hot spring water in the cave where a mud bath is used. The temperature of the water is 35 ° C and it is a hot spring that is good for diseases such as skin, eyes and rheumatism and relaxes the body. The mud is rubbed on the body and washed off after waiting for five minutes.

2-) Twin Islands: It is a beautiful Turquoise Bay where you can see the bottom of the sea at a depth of 20 meters. You can see wild boars searching for food on the beach. Throw a piece of bread into the sea from the boat, then watch the fish fight.

3-) Heaven Bay: This region is named Cennet Bay because its nature and fascinating structure reminds one of a paradise.
